

# VR EXPEDITIONS LINKED TO PRIMARY SCIENCE

## Human Impact on the Environment

5

5.7.4 I can find out about the effects human intervention can have on natural habitats and the organisms that live there including over development, deforestation, trespassing and pollution (air, water, light and noise).

## Animal Habitats in Malta

5

5.2.4 I can name and give examples of the five different groups of vertebrates (mammals, birds, reptiles, fish and amphibians).
